SEMINAR OVERVIEW

Budget 2027 brings lower tax rates, higher reliefs and new incentives. It also brings a tougher rule: from YA 2028, cash salaries may no longer be deductible. This seminar turns the proposals into plain numbers and practical steps.

Objectives

- Work out what the new personal tax rates and reliefs are worth to employees
- Check whether your company qualifies for MSME rates and faster capital allowances
- Prepare payroll for the cashless salary rule
- Spot the incentives and stamp duty changes that fit your business
- Tell what is already law from what is still a proposal
